PREMIUM INTERIOR SEMI-GLOSS ENAMEL

Designed for the professional contractor to maximize profitability, time, and performance.

Povia 115 Premium Interior Semi-Gloss Latex Enamel is an acrylic latex enamel designed for excellent coverage and easy application. Povia 115 is formulated using the latest coating technology and produces a smooth, non-yellowing, washable finish.

For virtually any properly primed interior surface including drywall, wood, plaster, masonry and metal.

Perfect for high-end residential, new construction, facility maintenance, or commercial applications, which demand a superior quality finish.
